

MATEUSZ

Wooden garden playhouse for children

Catalogue data

4iQ Catalogue name: Playhouse Mateusz

Item number: DOM000010

EAN: 5902490690196

Description

A compact enclosed structure with a door, a fixed window and a flower planter, placed directly on the ground. With no ladders or high thresholds it is safe even for the youngest children, and its small footprint fits even a small garden or allotment. The modular design allows quick self-assembly without professional tools.

Features and technical specifications

- **Assembled dimensions (L x W x H):** 126 x 112 x 157 cm
- **Roofed indoor area:** 1.32 m² (122 x 108 cm)
- **Platform height:** floor directly on the ground
- **Wall / floor board thickness:** 12 / 12 mm
- **Maximum weight of a single user:** 50 kg
- **Maximum load of the structure:** 150 kg
- **Suitable for children from:** 1 year
- **Material:** pine, pressure-impregnated (Wolmanit CX-8WB, chromium-free)
- **Roof covering:** black roofing felt 2.5 m² included
- **Finish:** untreated, ready to be painted
- **Warranty:** 12 months

Safety and quality (standards)

- Tested by TÜV Rheinland, compliant with EN 71
- Wolmanit CX-8WB preservative – chromium-free, non-toxic
- Window fitted with safe, transparent plexiglass

- Registered EU design (EUIPO)
- White or greenish salt efflorescence and damp timber after impregnation are not defects – simply wipe the surface with a damp cloth
- For private use only, under adult supervision

Set contents

- 1 x door
- 1 x fixed window with transparent plexiglass pane
- 1 x flower planter
- Floor insulating the playhouse from the ground
- Black roofing felt – 2.5 m²
- Complete set of assembly screws and connecting elements
- Step-by-step assembly instructions

Application

For private gardens, yards and allotments. The playhouse stands directly on the ground. As a ground-level model without a platform or terrace, it is not designed for a slide or a climbing wall. It can be fitted with small 4iQ accessories (flags, steering wheels, periscopes, letter boxes) and with bitumen shingles in anthracite, red or green.
