

MARCIN

Wooden garden playhouse for children

Catalogue data

4iQ Catalogue name: Playhouse Marcin

Item number: DOM000008

EAN: 5902490690172

Description

A classic enclosed structure with a roofed terrace and railing, placed directly on the ground. With no ladders or high thresholds it is safe even for the youngest children, while remaining spacious enough for several children to play at the same time. The modular design allows quick self-assembly without professional tools.

Features and technical specifications

- **Assembled dimensions (L x W x H):** 182 x 217 x 174 cm
- **Roofed indoor area:** 2.54 m² (180 x 167 cm)
- **Roofed outdoor area (terrace):** 0.46 m² (91 x 51 cm)
- **Open outdoor area (terrace):** 0.44 m² (91 x 48 cm)
- **Platform height:** floor directly on the ground
- **Wall / floor board thickness:** 12 / 12 mm
- **Maximum weight of a single user:** 50 kg
- **Maximum load of the structure:** 150 kg
- **Suitable for children from:** 1 year
- **Material:** pine, pressure-impregnated (Wolmanit CX-8WB, chromium-free)
- **Roof covering:** black roofing felt 5 m² included
- **Finish:** untreated, ready to be painted
- **Warranty:** 12 months

Safety and quality (standards)

- Tested by TÜV Rheinland, compliant with EN 71
- Wolmanit CX-8WB preservative – chromium-free, non-toxic

- Windows fitted with safe, transparent plexiglass
- Registered EU design (EUIPO)
- White or greenish salt efflorescence and damp timber after impregnation are not defects – simply wipe the surface with a damp cloth
- For private use only, under adult supervision

Set contents

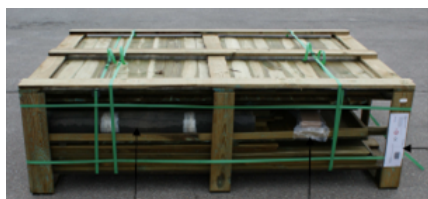

- 1 x door
- 3 x fixed window with transparent plexiglass pane
- Floor insulating the playhouse from the ground
- Roofed terrace with railing
- Black roofing felt – 5 m²
- Complete set of assembly screws and connecting elements
- Step-by-step assembly instructions

Application

For private gardens, yards and allotments. The playhouse stands directly on the ground. As a ground-level model without a platform, it is not designed for a slide or a climbing wall. It can be fitted with small 4iQ accessories (flags, steering wheels, periscopes, letter boxes) and with bitumen shingles in anthracite, red or green.
